FOREIGN MARKETS-PER EUROPA. LIVERFOOL, May 25 .- We have again had a heavy import of Cotton this week, and the supply into Liverpool since the 1st January now amounts to 1,018,000 bales, against 651,000 to same period last season; the import from the United States is 890,000, being an increase of 350,000 bales.

The demand has continued steady and to a fair extent this week, but not equal to the quantity offering, so that the market has been heavy, with a decided turn in favor of buyers, particularly in the low and middling qualities, in which a reduction of ad per lb has been submitted to in most of the business of the last few days; but for fair qualities the former quotations of 13 for Upland these and the good qualities being less plentiful. The sales for the week ended this day amount to 40,320 bales, of which 5000 have been taken for export and 4400 on speculation, and the American descriptions consist of 8860 Upland at 37 a 5; 12,590 Orleans at 31 a 6; 10,160 Alabama and Mobile at 35 a 5; and 320 Sea Island at 63

The demand for Indian Corn has continued steady and at some further advance, the quotations being 33s for white up to 36s per quarter 6d per qr higher. Flour is steady and in moderate demand at 23s a 23s 6d per bbl for Western. Philadelphia and Baltimore, white prime Ohio has advanced to 25s per bbl.

Rice.-The imports of Bengal are large, and the sales are at former prices to the extent of 7000 bags at 8s a 8s 6d for low to fair broken, and 9s a 10s 6d per cwt for middling to good table. Carchanged hands at 17s a 18s per cwt for middling to good quality, which is a litt e dearer.

Naval Stores .- Supplies of common Rosin are coming in more freely, we have to note a decline in common of 3d per cwt; in fine there is no alteration, the sales are 1000 bbls at from 2s 6d up to 10s per cwt. Turpentine remains lifeless, the only sale to report being 300 bbls at 6s 6d a 6s 10d ex ship at auction, the quality being good but out of condition. Spirits doll and prices nominal. Brown, Shipley & Co.

Latest Commercial Intelligence. - LIVERPOOL. May 26 .- The market has opened steady this morning. There is a moderate demand at the reach 4000 to 5006 bales, including a portion for

The demand for Indian Corn still prevails, and the full currency paid at yesterday's market for the sales which are going forward this morning. Flour not lower, and holders of American Wheat insist upon full rates. In other articles of the trade there is little passing, and no change can

HAVRE, May 24 - Cetton - Prices have not undergone any great change, with the exception of the lower designation of basses and tree basses, Beef Cattle-Scarce; good grass fed 41 to which have receded 4f, still the sales which have been made during the last few days denote a further decline. The following sales are reported since our last statement, viz: 2268 bales New bushels from Bladen, sold to arrive at 50 cts., and 1377 Upland at 64 a 75; making a total of 5857 bales. The imports during the same period were 22,170 bales, all American, with the exception of 162 bales from Laguayra. The estimated erably reduced. Quotations have advanced stock of Cotton at Havre on the 24th instant was

50,569 bales, of which 49,511 were U. States. Rice is completely neglected, and there is not the smallest sale to report : prices are also languid and on the decline. Since lest report the imports are 78 tes and 8 half tes Carolina Rice from Charleston by the Versailes, 200 bags from Calcutta, and 500 via Bordeaux.

ANTWERP.-Cotton has been in better demand. We have to mention the following transactions: 500 bales Texas at 234c; 150 bales Mobile at 23%c, and 1200 bales damaged Georgia and Mobile. The arrivals from America amount to about

TOPSAIL SOUND, N. C., JUNE 11, 1849.

THIS IS TO CERTIFY that about the middle January, 1847. I was attacked with a severe pain in my face and jaws, and my face was swollen for some five or six weeks, with distressing pain all that time. I now applied to a physician, hoping to be benefited. He prescribed for me. My teeth and jaws were at this time in a state of ulceration : I continued under his treatment for some two or three months. By this time my jaw-bone was in a curious state, from one angle to another, and a discharge of matter in three or four places. About this time I was induced to try Dr. Schonwald. I Brig Julia Helen, Bates, Boston, to Barry, Bryant & applied to him accordingly; he thought my case Bremen Brig Triton, Ratze, New York, to Jeffreys & very doubtful-however he undertook my case about the first of June, and in a short time arrested the disease I continued under his treatment Brig Jerome, Howes, Newburyport, Mass., to G W for about fifteen months, and by this time he removed a large portion of the bone. I have since nearly or quite recovered. I feel indebted to Dr. Schonwald, through the blessing of Providence, for my recovery. I have been well for about six months, and my general health is rather better than it ever was before. I confidently believe if

I had went to Dr. S. at first, I should not have lest any of my jaw-bone. I have thought proper to publish this certificate for the information of those who may be affected in the same way. When I was under the treatment of other physicians, they could do me no good, and said they could do nothing for me, even before it was in a state of ulceration. I would advise all persons similarly affected to give Dr. Schon-JAMES M. HOWARD. We, the undersigned, are acquainted with Mr. and can testify to the truth of his statements. W. TO THE PUBLIC .-- This preparation has acquired a very extended and established celebrity n most of the Southern States of the Union; both in the hands of Physicians and private use; which its efficacy alone has sustained for several years. as a remedy for Scrofula or King's Evil, Ulceraed Sore Throat, long standing Rheumatic Affections, diseases of the skin, old sores, white swellings, diseases of the bones, and all cases of an ulcerous character. It is also particularly useful in chronic and nervous complaints occurring in debilitated and cachetic constitutions. Over Syphilis and the host of painful, di-agrecable and hitherto incurable affections resulting therefrom, such as ulcers of the throat, larynx, nodes, &c., and all those evils occasioned by an improper and injudicious use of " mercury," it displays complete control. It has been found to be a most useful

purifier of the blood in all such diseases. In all complicated cases of Scrofula and Syphi lis, and in cases where the Syphilitic virus of the parent causes a development of Syphilis or Scrofula in the child, this is the only remedy upon which the hope of recovery can be reasonably founded. Howard—have known him during his affliction, It relieves the disease, and at the same time imparts vigor to the whole system--under the use of this medicine, the patient is enabled to take nourishing food, which in other practice is withheld. City and County of New York, ss. William Armstrong of said city being duly sworn, doth depose and say that he is a practical Druggist and Chemist. That some time in the latter part of May, or first of June, 1848, a man by the name of Jacob Townsend, who at that time was a book and pemphlet pediar, called upon de ponent at the house of Mr I hompson, No. 42 Hudson street, where deponent boarded, and requeste deponent to write him a recipe by which to make a Syrup of Sarsaparilla. Deponent further suys, that he became acquainted with said Townsend at the office of Theodore Foster, Eeq., book publish-er, with whom said Townsend dealt. That said Townsend had had frequent conversations with depotient respecting the manufacture of an article of Sarsaparilla to be sold under the name of D Jacob Townsend.

That said Townsend stated he was an old man and poor, and was not fit for hard labor, and wished to make some money in order to live easy in his old days, and that if Sarsaparilla under the name of Townsend sold so well, and so much money was made by it, he could see he reason why he might not make something out of it ion, (his name being Townsend,) if he could get a capable person to prepare a recipe and manufacture it for him. Deportent in one of the conversations asked said Townsend if he was related to Dr S P Townsend, to which he replied that he knew Dr 8 P would be down on him after he should commence : but that he did not care for him, as he had formed a copartnership with men who could furnish the requisite amount of capital-and was well prepared to defend himself against any attack that might

Deponent further says that pursuant to the request of said Jacob Townsend, he wrote a recipe for the manufacture of a Syrup of Saisaparilla and gave it to him. Said Townsend observed that he wanted to make a specimen to exhibit to his partners for their approval, as he wished to gratify them in every thing, as they furnished all the capital ; -- said Townsend also told deponent that the bottles they were to use were to be of the same size and shape as Dr S. P.'s, and deponent, at the request of said Jacob Townsend, went to the office of Dr S. P. and procured one of his labels.

formed and verily believes the Syrup of Sarsaparilla sold as Old Dr Jacob Townsend's, is after the recipe furnished by deponent to Jacob Townsend, as aforesaid. And further deponent soith not. WILLIAM ARMSTRONG Sworn to before me, this 24th day of May, 1849,

C. S. WOODHULL,

Mayor of the city of New York.

And deponent further says that he has been in-
